The Warrent will not be released
and the agent subject who was
interviewed in connection with the
subject will probably be removed
from the area by the Committee on

\$204.00 paid by Dr. Shoop for any
percent case of Grippe or acute cold
and a 25 cent box of Preventives will
not break. How is this for an offer?
The Doctor's supreme confidence in
these Little Candy Cold Tablets—
Preventives—is certainly complete. It's
\$60 against 25 cents—pretty big odds.
And Preventives, remember, contains
no quinine, no laxative, nothing
harsh or irritating. Physicians would
very soon appear if any colds were
always broken. Safe and sure for fever-
ish children. 45 Preventives for 25
cents. London Drug Co.

2) (Chen's words, like a two sword, always divided his hear into two classes: those that had at least a faint respect for those that went away without impress if not amazed. If not half? The answer is to be as the same as the half the first and the first are even tried to women. Chen was born in 1914, was a student in the 1930s, and was a member of the Communist Party in 1945.

Home Circle Column.

A Column Dedicated To Tired Mothers as they Join the Home Circle.

If there is one thing more than another that betrays a mother's littleness or lack of raising that thing is to give utterance to blood-curdling oaths on the streets, regardless of who may be in hearing. Such performances strengthen the belief in the Darwinian theory without any very great advancement from the point of starting.

Did you ever watch the operation of a loom in a woven mill? So long as the operator attends closely to the work all in hand goes well, but if she pays too much attention to what her neighbor is doing, her work is likely to get "down" and "overshoots" appear. So in our life weaving, many a break is made in the web simply from giving too much attention to the warp and woof of others' lives, and too little to our own.

Happy are they whose names suggest gladness and brightness, whose presence acts as sunshine wherever they may move. Even those who are not joyful by nature may become thankful and bright by grace, and recommend that which is pure, good and lofty, by putting away murmurings, complaints and irritability. Think more of our preservations, our deliverances, and let bright hope buoy us above the sombre and unpleasant things of life, and our depressions will be cured and the spirit of heaviness be replaced by the garment of praise.

Every farmer who provides himself with a beautiful home surrounded by green lawns and winding paths, a well cultivated farm, and all that makes life pleasant, is a blessing to the neighborhood. Were there no tramps, no paupers, but if all could be induced by proper training to become self-reliant citizens, useful, first to themselves and indirectly to their fellows, by bearing each his share of the world's program, the millennium would be on its way hither.

THE WIFE.

A good wife is to a man wisdom and courage, strength, hope and endurance. A bad one is confusion, weakness, discomfiture and despair. No condition is hopeless when the wife possesses firmness, decision, energy and economy. There is no outward prosperity which can counteract indolence, folly and extravagance at home. No spirit can long resist bad domestic influence. His home must be to him a place of repose, of peace, of cheerfulness, of comfort, and his soul renews its strength and again goes forth with fresh vigor, to encounter the labor and troubles of the world. Every wedded pair might be happy, did they but bear each other's burdens, and strive with half the zeal they sometimes exert to make each other miserable, to contribute to each other's mutual happiness.

HOW TO MAKE A WIFE UNHAPPY.

See your wife as seldom as possible. If she is warm-hearted and cheerful in temper, or if, after a day's or a week's absence, she meets you with a smiling face and in an affectionate manner, be sure to look coldly upon her and answer her with monosyllables. If she forces back her tears and is resolved to look cheerful sit down and gaze in her presence, till she is fully convinced of your indifference. Never think you have anything to do to make her happy, but that her happiness is to flow from gratifying your caprices; and when she has done all a woman can do, be sure you do not appear gratified. Never take an interest in any of her pursuits; and if she asks your advice, make her feel that she is troublesome and impertinent. If she attempts to rally you good-naturedly on any of your peculiarities, never join in the laugh but frown her into silence. If she has faults (which without doubt, she will have, and perhaps may be ignorant of) never attempt with kindness to correct them, but continually chide upon her ears: "What a good wife Mr. Smith has!" "How

Loves Mr. Smith to wife his wife!" "Any man would be happy with such a wife." In response never know to know that you have a wife. Treat all her remarks with indifference. Be very affable and pleasant to every other lady. If you follow these directions you may be certain of an obedient and heart-broken wife.

FAULT FINDING.

Don't get in the habit of it. It's the easiest thing to do and the hardest thing to stop in the wide, wide world. It ruins your temper and spoils the shape of your mouth. Try and see the good rather than the disagreeable in the people and your surroundings. You would not go to a friend's house and find fault with what she does and with what she has and her ways of living. What right have you, then, to find fault with those who are more than friends to you—the people of your own blood? If there is a grace that all are stingy with, it is that of giving praise, and yet it is one which we ought to be lavish. Why should you tell your friend that her bonnet is unbecoming, and when you have never said this to your sister? Why should you go out to tea and praise your neighbor's muffins, when you have forgotten to tell your mother how good hers were? Why should you announce how much Mr. Wilson over the way knows, when father is a great deal better informed man, and it has never entered your little head to quietly whisper to him how much you appreciate his wisdom? You keep your ability to discover faults for the home while the eye that should look for virtues is closed tightly until you go out. Don't wait until some one is gone from you to tell their virtues. Don't wait until your sister is far away in another land to tell her how helpful, how pretty or how courteous she is; and don't wait until all the weary hands are crossed and the long sleep comes before you make mother know what a beautiful blue are her eyes, how tender her heart, and how dearly you love her. Tell her all now—now, when the walk through life is hard, and the sunshine of praises is yearned for to brighten it, and to warm and encourage the pilgrim by the wayside.

DEATH WAS ON HIS HEELS.

James P. Morris, of Skippers, Va., and a close call in shopping of 1904, he says: "An attack of pneumonia left me so weak and with such a fearful cough that my friends declared that consumption had me, and that death was on my heels. Then I was persuaded to try Dr. King's New Discovery. It helped me immediately, and after taking two bottles and a half I was a well man again. I found out that New Discovery is the best remedy for coughs and lung disease in all the world." Sold under guarantee at A. M. Hughes' drug store. 50c and \$1.00. Trial bottle free.

"GOOD LUCK" BAKING BREAD

No housewife or baker can have "good luck" if the flour is poor. Why not use the flour that everybody speaks well of? Few flours ever had such a good reputation as

It is a Flour with Life to It.

It is pretty itself; it is every where; it makes light, white, nutritious bread. When you set your head you know it is going to rise. But not just any flour you can get around here. Ask your dealer. Nothing to pay if you don't like it. We are behind him in this. The Dewey Bros. Co., Millers, Manchester, Ohio.

DECIDE YOURSELF.

The Opportunity is Here, Backed by Louisa Testimony.

Don't take our word for it.

Don't depend on a stranger's statement.

Read Louisa endorsement.

Read the statement of Louisa citizens.

And decide for yourself.

Here is one case of it:

James Peters, living on Lock Ave., Louisa, Ky., says: "Doan's Kidney Pills have proved to be the best remedy I have ever used. I was in a miserable condition as the result of kidney complaint and all the remedies I used failed to cure me. Whether walking or sitting the pain was very severe and if I attempted to arise or lift anything sharp twinges of pain would dart through me. The kidney secretions were irregular, dark colored and caused me to arise several times during the night. At times there was almost a retention and a sensation as if I were being burned with scalding water at the time of passage. I was becoming discouraged when Doan's Kidney Pills were brought to my attention and I began their use. In a short time I felt like a different person. I continued taking the remedy and feel so much stronger at present that I cannot hesitate to recommend Doan's Kidney Pills to others. I will be pleased to give further details of my case to anyone who wishes to call upon me."

For sale by all dealers. Price 50 cents. Foster-McBarn Co., Buffalo New York, sole agents for the United States.

Spring Millinery.

The season's latest novelties in this line is now on display in this department and judged by other showings of like nature in the history of the store the present assortment of fine millinery is the most beautiful we have ever offered to the public.

We have everything in the line from the medium conservative styles to those ultra fashionable creations in the "Merry Widow" millers and other new and popular shapes.

Judging from the expressions of many visitors on our first showing of these new novelties, we have something unusually pretty and pleasing to offer. Our entire line shows the care we have taken in making our selections and the harmonious effects obtained exhibit the skill of the milliners art to the highest degree—individually in many designs—a creation to suit every type of beauty—correct in the best interpretation of the season's styles and demands—priced at the right figures. We cordially invite you to come in today and look over this beautiful array at pleasure—you will find it much more satisfactory than trying to examine the showing when the crowd is so dense as to make it almost impossible to secure what you desire with any degree of satisfaction. We have individual fitting rooms for those who desire to select a hat of any special design or type.

THE ANDERSON-NEWCUMB CO,

HUNTINGTON, W. V. A.

IS HARMLESS.

How to Prepare a Simple Mixture To Overcome Disease.

To relieve the worst form of rheumatism, take a teaspoonful of the following mixture after each meal and at bedtime.

Fluid Extract Dandelion, one-half ounce; Compound Kaffir, one ounce. Compound Syrup Sarsaparilla, three ounces.

These harmless ingredients can be obtained from our home druggist, and are easily mixed by shaking them well in a bottle. Relief is generally felt from the first few doses.

This prescription, states a well-known authority in a Cleveland morning paper, forces the clogged-up, inactive kidneys to filter and strain from the blood the poisonous waste matter and uric acid, which causes Rheumatism.

As rheumatism is not only the most painful and torturous disease, but dangerous to life, this simple recipe will no doubt be greatly valued by many sufferers here at home, who should at once prepare the mixture to get this relief.

It is said that a person how would take this prescription regularly, a dose or two daily, or even a few times a week, would never have serious kidney and urinary disorders or rheumatism.

Cut this out and preserve it. Good Rheumatism prescriptions which really relieve are scarce, indeed, and when you need it, you want it badly. Our druggists here may they will either supply these ingredients or make the mixture ready to take, if any of our readers so prefer.

TO OUR SUBSCRIBERS

Important Ratings Made By Postoffice Department

The Postmaster General of the United States has just made an order which will have the effect of providing weekly newspapers that are lending credit to subscribers for more than one year's subscription.

If a publisher sends his paper longer than one year on credit he must add a one-cent stamp to each copy thus mailed. This is ten times as much postage as is charged on paid subscriptions and the difference is the two cents is more than the publisher's profit.

The Big Sandy News has a small percentage of subscribers who will be contacted by this order. We hope this will be sufficient notice to them and that they will give the matter the same attention. The date on your label is intended to show the time you are paid in. If you are in doubt about the amount due write to us.
